Dragan Knežević

Dragan Knežević je coach z mednarodnimi izkušnjami, ki jih je najprej pridobil na Nizozemskem leta 2000 - 2004 z študijem coachinga na Univerzi v Utrechtu. Leto kasneje je začel s svojo coaching prakso v podjetju

Dragan is coach with international experience that started in The Netherlands 2000-2004 with post academics study in Coaching in Utrecht. Year later he started his own coaching and training business company Alter Ars, which is Latin name for other/higher

Alter Ars, ki v latinščini predstavlja pojem druge/višje perspektive. Veliko let je bil predavatelj coachinga na Ekonomski fakulteti v Zagrebu in del programa Vodenje. Je soustanovitelj Hrvaškga coaching združenja in član upravnega odbora. Kljub 14 letnim izkušnjam s coachingom vodij in timov, se še vedno uči in raziskuje in vsako novo coaching srečanje začne iz pozicije, da ne ve ničesar. Coaching je njegova strast in poslanstvo, ne le posel in delo. V coaching proces vključuje različne metode in orodja, vse z namenom doseganja najvišjih principov v coachingu

perspective/art. For number of years he was lecturer for Coaching at the University of the Economy in Zagreb as part of the Leadership Master's program. He is one of the four founders of Croatian Coaching Association and present board member. However, 14 years coaching experience with leaders, teams and groups gives plenty experience he is still learning and exploring. That is great coach attitude to 'know a lot' and still to start each new session with an attitude of knowing 'nothing' and being prepared for unprepared. Coaching is more than a business or service provided. It is a passion and mission in one. In his coaching work Dragan integrates a various methods and tools, both serving to precious coaching principles

Mitja Drenik

Mitja Drenik je svojo karierno pot začel kot tržnik poslovno-informacijskih sistemov namenjenih povečanju učinkovitosti zaposlenih. Skozi leta prakse in vrsto usposabljanj pri partnerskih podjetjih (Cognos, Microsoft, Panorama,) se je navdušil nad psihologijo sprejemanja odločitev in sposobnostjo doseganja zadanih ciljev. Danes vodi projekt DayAct e-coaching, ki združuje obe področji v eno samo rešitev.

Mitja Drenik began his career as a marketer of business information systems for increasing the efficiency of employees. Through years of practice and a series of training sessions for partner companies (Cognos, Microsoft, Panorama) he is fascinated by the psychology of decision-making and the ability to reach the goals. Today he leads project DayAct e-coaching, which combines both areas into a single solution.
